**nQueue Billback Continues Rapid Growth**  
*Information Accountability, Designed to Improve Firms' Financial Results, Produces New Clients and Strong First Quarter*

---

**Tempe, Ariz., April 20, 2010** – nQueue Billback LLC, the leading provider of software-based information accountability, expense management and cost recovery systems today announced outstanding sales results with the addition of 10 new clients in the first quarter of 2010, including 2 *NLJ* 250 firms. nQueue Billback now has 84 *NLJ* 250 clients. The strong results during a time when many law firms continue to struggle exemplify the clear return-on-investment from nQueue Billback's iA (Information Accountability) product suite.

"Law firms are more focused than ever on expense management and return-on-investment," said John Gilbert, Vice President, Sales & Marketing at nQueue Billback. "We are successful because those issues directly align with our value proposition. Our clients desire to immediately understand and stem their firm's 'financial leakage' with a better understanding of all firm expenses."

The company continued to show strong, geographically diverse growth, with new law-firm clients headquartered in Los Angeles, San Diego, Washington D.C., Chicago, Minneapolis, Hartford Connecticut, Little Rock Arkansas, Atlanta and Springfield Massachusetts.

The company's channel model remains strong, resulting in 7 of the new deals. The company remains committed to its direct sales team, having recently added business development managers on the east and west coasts.

Cumulatively, nQueue Billback has added many new clients since its creation by merger in July 2009. "We have had a lot of success in the three quarters since our merger," said Rick Hellers, President & CEO of nQueue Billback. "It is clear that our delivery of increased accuracy and recoveries to improve efficiency and profitability throughout the firm is resonating with law firms nationwide."
